

What the Teachers Have to Say

About *Key to the Sea* Professional Development Workshops

Where Your Classroom Meets the Ocean

Key to the Sea is Heal the Bay's marine environmental education program for teachers and elementary school children (K-5) in Los Angeles County. The program focuses on watersheds, the storm drain system, pollution prevention, the sandy beach habitat, and environmental stewardship.

About Professional Development

The professional development teacher workshops are a required component of the Key to the Sea program. During the workshop, teachers are given a multi-disciplinary standards-aligned curriculum guide as well as supplies to implement lessons back in the classroom.

"Ran smoothly—no wasted time, moved from one great activity to the next. Excellent that it was held at an aquarium."

— *Charnock Road Elementary, Los Angeles*

"This workshop has been one of the best workshops I've ever attended—if not the best—in the 20 years that I have been teaching."

— *Annandale Elementary, Los Angeles*

"The curriculum binders are every teachers dream. Thanks for the totebags and all the supplies. Once again, major time savers that will make it much easier to actually implement in class."

— *Providencia Elementary, Burbank*

"I was dreading giving up a full Saturday for this but I came away pumped up and can hardly wait to use the curriculum ideas."

— *James Monroe Elementary, Lakewood*

"This was a well executed program that really made an impact on my students and me."

— *Grant Elementary, Long Beach*

"Great ideas on how to teach students about pollution prevention and protecting our environment."

— *Rosemont Avenue Elementary, Los Angeles*

"I loved the passion of the presenters - it was very inspiring. I also appreciate how the activities and information are connected to the state standards."

— *Clara Barton Elementary, Long Beach*

"A comprehensive study of ocean environment issues and helpful activities to teach young children about these important environmental ideas."

— *Bassett Street Elementary, Van Nuys*

"I was very impressed with the enthusiasm, knowledge, and level of quality of each presenter. This workshop is an excellent precursor to the upcoming field trip."

— *Beverly Vista Elementary, Beverly Hills*

"I am very grateful to all of you for such a well organized in-service. Lunch was greatly appreciated too!"

— *Breed Street Elementary, Los Angeles*

"I will encourage other teachers I know to come to this workshop."

— *Cesar Chavez Elementary, Bell Gardens*

"Your hands-on program has made quite an impression."

— *Pleasant View Elementary, Baldwin Park*
